We are requesting records to determine whether the City Council has ever adopted an ordinance to renew or extend the "Uptown – Project 1 Urban Renewal Plan" dated July 1968. The City Council originally adopted this Urban Renewal Plan via an Ordinance approved October 9, 1968 (see attached recorded copy of the Ordinance, which includes the foregoing Urban Renewal Plan as an attachment). While the City's 1968 Ordinance does not have a term or expiration date, the "duration of controls" set forth in the Urban Renewal Plan is 40 years from date of City Council Approval (see p.3 of the Urban Renewal Plan). Unless the City Council acted to extend, renew, modify, amend or recreate the Uptown – Project Urban Renewal Plan in or about 2008, the foregoing Urban Renewal Plan will have expired by its own terms.

11/22/2017

11/30/2017

The question of whether this Urban Renewal Plan has expired or was

# FOIA Request Log - City Clerk

# FOIA Request Log - City Clerk

The question of whether this Urban Renewal Plan has expired or was modified or extended is relevant to determining the viability of certain use restrictions contained in the City's Quitclaim Deed No. 571 (a copy of which is attached). The Quitclaim Deed sets forth use restrictions in two places on p. 2: first, it provides that the use of the property "will be restricted to the uses specified therefor in the Urban Renewal Plan, and Amendments thereof, as approved by Ordinance adopted by the City Council of the City of Chicago, Illinois, on October 9, 1968, a certified copy of said ordinance being recorded in the Cook County Recorder's Office as Document #20696305;" and second, it provides "The Grantee shall devote the property hereby conveyed only to the uses specified in the applicable provision of the Urban Renewal Plan or approved modifications thereof, and the uses set forth in the Contract for the sale of said property."

The 1968 ordinance creates the 1968 Urban Renewal Plan. If the Urban Renewal Plan was not modified, amended, extended or renewed by City Council, then the use restrictions created by the Urban Renewal Plan expired in 2008. Our FOIA request is therefore directed at whether the 1968 Urban Renewal Plan was ever modified, amended, extended or renewed by ordinance of City Council.

For clarification purposes, we are not asking whether the July 7, 1977 ordinance relating to the sale of the project property was modified, amended, extended or renewed. We initially asked that the City locate this 1977 ordinance because a copy of the executed contract for the sale of the property has not yet been located. We hoped that the 1977
